EFS LLC is transforming the industry's payments environment with unique, innovative solutions that enable our customers to more efficiently manage their fleets and their bottom line. Serving the industry for 50 years, our dynamic payment solutions are universally accepted at over 10,000 locations across North America providing the ability to better manage and control purchases, payroll, settlement, cash advances, and more — all from one convenient EFS card.

But we're more than just a piece of plastic. We're a true partner who cares just as much about our customers' businesses as they do. Our intelligent data mining and analytical approach give carriers the ability to manage their payments and their fleet in real time — in the real world. We automatically translate data into real solutions, allowing our customers to focus their attention where it's needed most — *their* customers.
