

“EFS HELPED US UNDERSTAND **WHERE TO TAKE OUR BUSINESS** — TOGETHER WE MAKE EACH OTHER BETTER.”

Murray Droescher
Chief Financial Officer, TransAm Trucking, Inc.

EFS is transforming the industry's payments environment with powerful and innovative payment solutions that enable our customers to more efficiently manage their fleets and their bottom line. With 30 years of experience serving the transportation industry, our dynamic payment solutions are universally accepted at over 10,000 locations across North America providing the ability to manage and control purchases, payroll, settlement, cash advances, and more — all from one convenient EFS card.

But we're more than just a piece of plastic. We're a true partner who cares just as much about our customers' businesses as they do. Our intelligent data mining and analytical approach give freight carriers the ability to manage their payments and their fleet in real time — in the real world. We automatically translate data into real solutions, allowing our customers to focus their attention where it's needed most — *their* customers.
