# EFS CARRIER TRENDSOURCE™

- CAPACITY ANALYSIS**
- CONFIDENTIAL COMPARATIVE INTELLIGENCE**
- KPI MEASUREMENT**

Introducing *Carrier TrendSource*™ from EFS, a revolutionary benchmarking and analysis tool for EFS Customers that leverages our proprietary Big Data universe – providing transparency, trending analysis and insights into your company’s volume performance.

Contact your EFS Account Executive today to learn more.

Built on a responsive platform, the *TrendSource* interface easily scales across devices, providing valuable information in the office or on the go.

## Big Data's Big Advantage:

Realize added security around purchase validations\*

Know how you're performing relative to your peers

Make more informed decisions around fuel spend

Ensure you are receiving your negotiated discounts
