

# THE EFS CARD

Powerful | Convenient | Secure

## The EFS Card

The EFS Card is a powerful, convenient payment solution that responds to the changing dynamics of your business. Accepted at more than 14,000 locations across North America, the EFS Card is designed to meet all of the demands of your business as well as those of your employees or contractors.

Enjoy extraordinary convenience while maintaining full control and security over your fuel, cash, and non-fuel purchases. Setting purchase limits in real-time through our robust, secure online website is the power behind the EFS Fleet Card. Flexible purchase limits give you the ability to customize at the individual card level. Control fuel and non-fuel purchases with distinct card prompts that validate the sale at the point of purchase, and, if you choose, a variety of pertinent data can be captured and validated before fueling is authorized.
